

**CNM Connect to Present Community Consulting for Nonprofits at the
2016 American Evaluation Association Summer Institute**

DALLAS – June 23, 2016 – [CNM Connect](#) (CNM) today announced that Dr. Susan Wolfe, senior consultant for CNM, will deliver a workshop at the 2016 American Evaluation Association Summer Institute (AEA), entitled “Consulting in Communities for Nonprofits.” The AEA Summer Institute is produced by the American Evaluation Association, the leading professional organization for evaluators in the U.S. This year’s Institute will be held June 26 – 29, 2016 in Atlanta.

“It is an honor to be chosen by the AEA Summer Institute committee to present at this year’s conference,” said Wolfe. “Community consulting is a very valuable service for community-based organizations but it requires an evaluator to have a certain skill set. This workshop will help the evaluator determine whether or not they have the necessary skills, and if not how they can develop them.”

The workshop is designed for evaluators who work with community-based organizations including nonprofits, government, school districts and medical institutions. Evaluators will participate in a hands-on, interactive skills development workshop that will provide the foundation for effective practice in community engagement. Attendees will learn how community consulting differs from other consulting disciplines and how to facilitate collaboration within community based organizations and among community members.

Wolfe will co-present with Dr. Ann Price, president of Community Evaluation Services, Inc.

Workshop 24: Consulting in Communities (nonprofits)
